BIRTH DATE: 02/02/2021

LOT 20 REG #4543669

This bull has amazing power with excellent eye appeal. He has been a stand out from day one with an over 1200lb yearling weight. These Way Proud calves are born moderate birth weight and just explode. This bull will compare with many top-of-the-line bulls in the country.

ISMITHCATTLE.COM

OUR STORY.....

As a young man, my dad passed on to me his love for cattle. That passion lived on to the next generation and all 4 of my daughters were very involved with their show animals, their favorite of course being their cattle. In 2015, after our youngest daughter graduated high school, we sold the commercial cows we owned and began developing our Registered Red Angus Cow Herd. It has been an exciting time on the Smith Family Farm as we daily nurture and mature our herd.

Our motto: *Nothing but the Best.* We believe this. We are small in cow numbers yet daily try to improve quality. And, we will continue in our pursuit to provide the most complete, healthy, and well balanced cattle in the region.

Terms & Conditions:

All bulls were semen tested by Dr. Jeremy Schneider of Seiling Animal Hospital. Those reports, including DNA, EPD's, etc. are available on-line at smithcoauctions.com.

Payment is due in full upon pickup of the animal. We will retain a 50% semen interest in all bulls sold. All bulls are virgin bulls. If you are leaving the state of Oklahoma and need a tric test, we will help coordinate testing.
