OUR STORY.....

As a young man, my dad passed on to me his love for cattle. That passion lived on to the next generation and all 4 of my daughters were very involved with their show animals, their favorite of course being their cattle. In 2015, after our youngest daughter graduated high school, we sold the commercial cows we owned and began developing our Registered Red Angus Cow Herd. It has been an exciting time on the Smith Family Farm as we daily nurture and mature our herd.

Our motto: Nothing but the Best. We believe this. We are small in cow numbers yet daily try to improve quality. And, we will continue in our pursuit to provide the most complete, healthy, and well balanced cattle in the region.
